FOR IMMEDIATE RELEASE

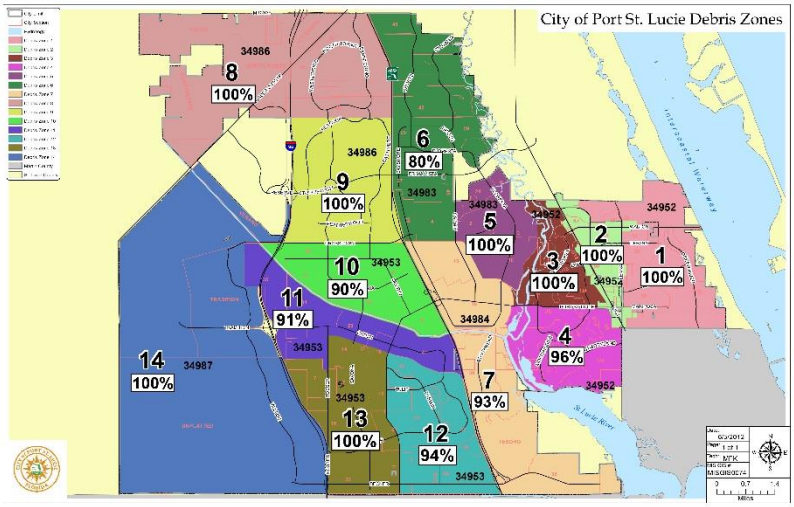
City of Port St. Lucie Storm Debris Update #9

PORT ST. LUCIE (November 8, 2016) – The City of Port St. Lucie expects all storm related debris cleared by Wednesday November 9. The completion date delay is due to equipment breakdowns and additional debris quantities in certain zones.

The Debris Management Team estimates that 96 percent of roadways have been cleaned of storm related vegetative debris.

As crews continue to clear debris, residents should avoid placing debris under power lines, near swale liners, mailboxes, sign posts and fire hydrants as these items might be damaged during the collection process.

Waste Pro has begun regular debris collections in zones that have been cleared of vegetative storm debris.



Please note the information below regarding the status of debris collection in the City as of today.

- Zone 1 is 100% complete
- Zone 2 is 100% complete
- Zone 3 is 100% complete
- Zone 4 is 96% complete, Residents can expect to have all streets cleared by November 8, 2016
- Zone 5 is 100% complete
- Zone 6 is 80% complete, Residents can expect to have all streets cleared by November 9, 2016
- Zone 7 is 93% complete, Residents can expect to have all streets cleared by November 9, 2016
- Zone 8 is 100% complete
- Zone 9 is 100% complete
- Zone 10 is 90% complete, Residents can expect to have all streets cleared by November 9, 2016
- Zone 11 is 91% complete, Residents can expect to have all streets cleared by November 9, 2016
