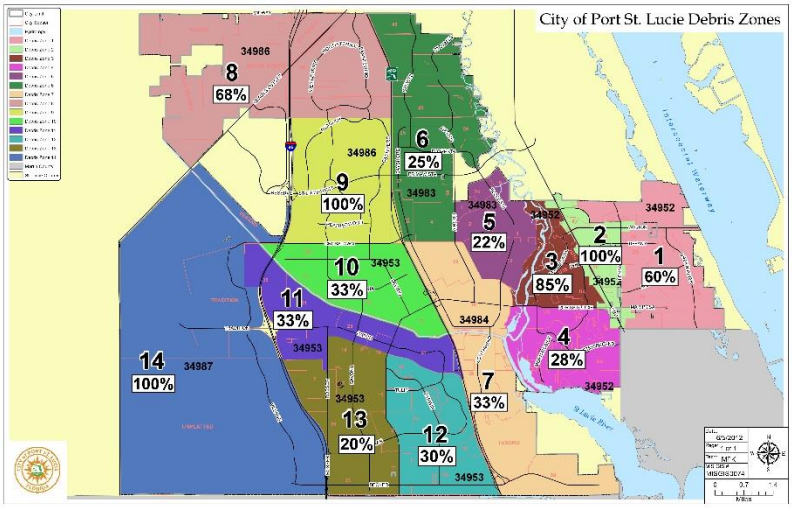
City of Port St. Lucie: Latest Information on Storm Debris Cleanup Update # 2

PORT ST. LUCIE (Oct. 28, 2016) – The City of Port St. Lucie expects to have Hurricane Matthew storm debris collected by Nov. 4, 2016.

The City's Debris Team has heeded the concerns of residents. Contractor and City forces will continue to work throughout the weekend. Residents are advised that additional work crews and vehicles will be mobilized on Sunday in an effort to collect vegetative debris. To assist with debris collection, the City requests that residents not place debris under power lines, adjacent to mailboxes, fire hydrants, or roadway signs as these items could be damaged during collection. On Monday, October 31, all Contractor and City crews will be off the roadways by 4:00p.m. so as not to conflict with pedestrians who might be out for Halloween.

The map below illustrates city zones.



The City is working to fulfill its commitment to have streets cleared by the end of next week. Below is the latest information on individual zones:

- Zone 1 is 60% complete, Residents can expect to have all streets cleared by November 1, 2016
