Public Information Meeting Announcement

NW Bayshore Boulevard and NW Selvitz Road Roundabout Intersection Improvement Project

Dear Resident:

The Port St. Lucie City Council has given approval to design and construct a roundabout at the intersection of NW Bayshore Blvd. and NW Selvitz Rd. The proposed roundabout will have one north-south circulating lane and two east-west circulating lanes, with a center grassed median, connections to the existing sidewalks, and crosswalks as required. Staff from the City of Port St. Lucie Staff and representatives from our Consultants (CAPTEC Engineering, Inc.) will host a Public Information Meeting in reference to the improvement project on Monday, May 16, 2016 from 5:30 pm to 7:00 pm at the Port St Lucie Community Center located at 2195 SE Airoso Blvd.

The Public Information Meeting will focus on the design improvements of the intersection and their potential impacts to the existing residents in the area of the project.

The following are items that will be discussed at the meeting:

- The maintenance of traffic during construction and attempts to minimize delays
- Existing and proposed drainage patterns
- Pedestrian access management before, during, and after construction

Representatives from the City and our Consultant (CAPTEC Engineering, Inc.) will be available to discuss the project and listen to your individual comments and concerns. Aerial maps of the area and preliminary plans of the proposed improvements will be available for review and to encourage discussion.

Place: Port St. Lucie Community Center, Room "C"
(2195 SE Airoso Blvd)

Date: Monday, May 16, 2016

Time: 5:30 pm to 7:00 pm

Your presence & input at this meeting is important to the success of the project and to maximize the benefit to our residents. Please plan on attending.
