

Port St. Lucie is ready to help grow your business!

The Economic Development Administrator is available to serve as your guide throughout the development process and offers the following Concierge Services:

- Consultation regarding your business needs and an overview of the development process.
- Guidance throughout the approval process and clarifying requirements for obtaining a business tax receipt, zoning approvals and building permitting.
- Provide referrals for management, marketing, financial and employment training and recruitment assistance.
- Serve as your company's business facilitator with all City Departments.
- Act as a liaison to resolve concerns in the development process to keep the project on schedule.

The City of Port St. Lucie offers new and expanding businesses, site location consultants and commercial and industrial realtors a wide variety of services, including:

- Assistance with available sites including retail, office and industrial buildings.
- Information on State, County and City incentives and assistance with submitting applications.
- Coordinate peer-to-peer meetings with local business leaders, the St. Lucie Economic Development Council and the St Lucie County Chamber of Commerce.
- Access to labor market information and training assistance.
