## **PUBLIC WORKS DEPARTMENT**

### **Residential Driveway Modification Permit Application**

January 2024

1. Applicant acknowledges and affirmatively assumes all risks associated with the design and construction of the driveway. Applicant hereby RELEASES and forever discharges the City from any and all liabilities, claims, demands, damages, actions, costs or expenses of any kind or nature arising out of or in any way connected with the design or placement of the utility facilities or the maintenance and repairs which may be required to maintain the City's utility system.
2. Applicant hereby grants to the City, the City's Contractor and its employees, the rights of ingress, egress, and regress on and across the Property for performance of any maintenance, repair or replacement of City utility facilities or related utility work.
3. Applicant shall locate, identify, and mark any and all buried utility facilities, lines, and conflicts, including but not limited to, electric conduits and cables, gas lines and tanks, water lines, sewer lines, septic tanks, drain fields, wells, irrigation, and any and all other installations, improvements, facilities, equipment, or obstacles which may be affected by the Work. Property Owner shall provide the location and information to the City prior to commencement of Work.
4. The work under this Permit shall be constructed in accordance with the laws of the State of Florida.
5. Nothing contained herein shall be deemed or otherwise interpreted as waiving the City's sovereign immunity protections existing under the laws of the State of Florida, or as increasing the limits of liability as set forth in s. 768.28, Florida Statutes. The City's liability in all instances shall be limited to the monetary amounts set forth in s. 768.28, Florida Statutes (as amended).
6. Applicant had an opportunity to consult with counsel prior to executing this Permit Application.
7. This Permit may be recorded in the public records and shall run with and be binding upon the Property.
8. The work shall not alter the material, slope, or finish of a sidewalk that is adjacent to or bisects the driveway per City Code 54.31
9. Driveways cannot extend any closer than six (6) feet to any side lot line, ten (10) feet to any rear lot line adjacent to another lot, or twenty (20) feet adjacent to any canal or waterway per City Code 158.217©(2)(n) and/or the recoded plat of the easement.
10. All sidewalks must be concrete and meet ADA requirements. Any time a sidewalk is being removed; a sidewalk closure request form is required. (See requirements on the link below).  
  
<https://www.cityofpsl.com/government/departments/public-works/commercial-residential-review-permitting>
11. Must protect all City culvert pipes from debris. Contractor may be required to clean all City pipes if not protected during construction.
12. Per City Code 51.04(4)(E) – 80% is the maximum permissible impervious area allowed.
13. Artificial grass is prohibited in the City right of way and all City easements.

By executing this Permit Application, I certify that I am duly authorized to bind the Property and agree by the terms and conditions contained herein. I understand that any violation of the terms and conditions may result in a revocation of this Permit. I agree to be bound by all applicable laws, codes, rules, regulations, and the City's code of ordinances.
